

In English lessons will have a SPAG focus. We will continue to consolidate our understanding of SPAG vocabulary and practise a variety of questions focussing on test technique. We will also be revisiting spelling rules and patterns, as well as completing mixed spelling tests that include the Year 5 and 6 Common Exception words.

In maths we will be learning about algebra, graphs and averages and negative numbers.

We will also be continuing to develop our reasoning fluency by completing reasoning challenges in our extra sessions throughout the week, applying our knowledge of all the different units we have studied this year.

Please remember that Year 6 classes do PE on Monday

We will be reading a variety of texts including fiction, non-fiction and poetry. We will be practising answering test style questions in timed conditions, developing reading speed, fluency and skimming and scanning techniques.

Also this half-term

SATs	The children continue to work hard preparing for the SATs which start on Monday 13 th May. More information will follow nearer the time with regard to helping your child at home and the structure of the week itself.
Music	Practising songs for the Year 6 production in final term
Spanish	In our 'mi familia' unit we will be learning how to talk about the different members of our family, extend our knowledge of numbers up to 100 and develop an understanding of possessive adjectives.
PSHE	Transitions to Year 7 and preparing for secondary school

Creative Homework

Create knowledge organisers to help with revision leading up to SATs week
