We, the undersigned, petition Peterborough City Council to install a traffic barrier across the private access road that runs alongside the Allama Iqbal Community Centre, 157 Cromwell Road; as a means of preventing the ongoing anti-social behaviour associated with the car park to the rear of the Centre.

Regular late-night disturbances involving people in cars, often involving alcohol and drug use, are a cause of considerable concern to local residents. Although Police patrols do take place, when resources permit, these are unable to serve as an adequate deterrent.
