This is The Beeches Primary School Publication Scheme on information available under the Freedom of Information Act 2000

The governing body is responsible for maintenance of this scheme.

1. Introduction: what a publication scheme is and why it has been developed

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- *The classes of information which we publish or intend to publish;*
- *The manner in which the information will be published; and*
- *Whether the information is available free of charge or on payment.*

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is either available for you on our website to download and print off or available in paper form.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

2. Aims and Objectives

The school aims to:

To give the children within our care the best educational start in life, ensuring progress for all whatever their starting point, and aspiration to high standards.

To make every day count towards providing a rich and successful educational experience, through a wide range of effective curriculum opportunities.

To provide a safe, secure and stimulating environment for all members of the school.

To work in partnership with parents, governors and the community.

To offer commitment, respect and high standards for all.

To provide the highest possible quality of teaching and learning.

To promote tolerance and respect for self, others and the environment.

To equip each child with the necessary skills, values and attitudes to become part of the learning society for the 21st century.

and this publication scheme is a means of showing how we are pursuing these aims.

3. **Categories of information published**

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

- *School Prospectus* – information published in the school prospectus.
- *School Profile & Governors Documents* - information published by the school governing body documents.
- *Pupils & Curriculum* – information about policies that relate to pupils and the school curriculum.
- *School Policies and other information related to the school* - information about policies that relate to the school in general.
