Dear Parents/Carers,

Friday 3rd October 2025

We are very excited to let you know that on Thursday 13th November, Year 5 will be visiting the National Space Centre in Leicester to support and extend our current science learning on space.

During the day, children will have the chance to explore the fascinating exhibitions at the Space Centre and will also enjoy a visit to the spectacular planetarium to watch the immersive show "A Journey Through the Solar System." This promises to be a memorable and enriching experience that will bring our science curriculum to life.

To make the most of the day, children will need to arrive at school **promptly at 8:00am**. We expect to return to school by 3:30pm.

Lunch arrangements:

- Children who receive Free School Meals will be provided with a packed lunch.
- All other children must bring a healthy packed lunch from home.

Clothing:

Pupils must wear full school uniform so that they can be easily identified during the trip.

Cost and consent:

The cost of this trip is £20 per pupil. This is a *voluntary contribution*. While contributions are voluntary, we do rely on them in order for the trip to be financially viable.

Parent Pay

Payment and consent for the trip must be completed through ParentPay. Please login to your account to make your contribution. Completing payment will also act as consent for your child to attend, as the trip takes place outside of normal school hours.

We are really looking forward to giving Year 5 pupils this fantastic opportunity and know it will inspire their curiosity about space and science. Thank you, as always, for your support.

Yours sincerely,

Mr S Beasley
Year 5 Team Leader
